A temporary food operation license must be obtained for any event where foods are being prepared or served for a charge or required donation.

A temporary event is an event that operates over a period of 5 days or less. If an event spans a period longer than 5 days, a separate license must be obtained for each 5-day period.

Only 10 temporary licenses are permitted to be taken out by one person or group per year.

To obtain a temporary food operation license, two separate applications must be completed and submitted with the current license fee to Crawford County Public Health at least ten (10) days prior to the planned event. See our website for the two applications and current license fee schedule or contact our office directly for the applications and license fee schedule.

The application outlines information that is necessary for obtaining the license. Listed below is a listing of some of the information necessary for completing the application.

- diagram of the layout of the temporary location
- A listing of all foods to be served.
- Equipment used to keep foods hot and cold.
- Water source and how hot water will be provided.
- Setups used for dishwashing and handwashing.
TEMPORARY FOOD OPERATION LICENSE

THE LICENSE DISPLAYED BELOW IS A SAMPLE OF A TEMPORARY FOOD OPERATION LICENSE THAT WOULD BE ISSUED BY OUR OFFICE. THE LICENSE IS ISSUED AFTER APPLICATION HAS BEEN MADE TO AND AN INSPECTION OF THE OPERATION HAS BEEN UNDERTAKEN BY OUR DEPARTMENT.

**TEMPORARY FOOD OPERATION REQUIREMENTS**

**APPROVED SOURCES**

All foods must be obtained from approved sources

**PREPARATION**

All foods MUST be prepared at the licensed temporary location or in a licensed food operation.

Foods CANNOT be prepared in the home and transported to the site.

As well, home-canned foods cannot be used as ingredients in foods or sold at the temporary location.

**HOT HOLDING**

Hot foods must be held at 135°F or higher at all times. The following items may be used for hot holding of foods.

- 135°F
- GRILLS
- CROCKPOTS
- ROASTERS

**COLD HOLDING**

Cold foods must be held at 41°F or colder at all times. The following equipment may be used for cold holding of foods.

- 41°F
- ICE CHESTS
- REFRIGERATORS
Proper dishwashing of utensils must occur through the use of a three (3) bin sink system. This may be accomplished in several ways.

**DISHWASHING**

Proper sanitizer must be used in the 3-bin sink setup and a proper test kit must be used to test the sanitizer level.

**SANITIZER**

A proper thermometer (dial, digital, etc.) must be provided for checking cooking, hot holding, cold holding, and storage temperatures. Any thermometer used must contain a range of 0° - 220° F.

**THERMOMETER**
Handwashing facilities must be provided to ensure all persons working at the temporary location have the ability to wash hands frequently. Acceptable hand washing facilities:

- Hand wash sink with:
  - Coffee urn with hot water & bucket underneath to catch
  - Soap and disposable towels are required for the hand sink & coffee urn options

**Barriers**

Barriers must be used when handling ready-to-eat foods. Examples of acceptable barriers include:

- Gloves
- Tongs
- Food tissue

**Hair Restraints**

Hair Restraints must be worn when preparing and serving foods. Acceptable hair restraints include:

- Hats
- Visors
- Hair nets

**Storage**

Ensure all food storage is up and off the ground and that all foods are kept covered.

- Use foil, plastic wrap or similar
- Use crates, tables, etc. to elevate
**FOOD HANDLING**
Ensure the following are also adhered to when preparing, handling and serving foods:

- Do not smoke. Smoking is not permitted in any area where foods are prepared, handled, stored, and served.
- Do not prepare, handle or serve foods with any open wounds or burns on the hands, arms, or face.
- Do not prepare, handle or serve foods with a cold or any other contagious illness. Never serve foods with symptoms of diarrhea or vomiting.

- Do not handle the food-contact portions of dishes, glasses, and flatware directly with hands. Either handle the non-food contact areas of these items or handle these items with gloved hands.

**WASTEWATER DISPOSAL**
Ensure all wastewater from handwashing, dishwashing, and cleaning procedures is properly disposed of in a sanitary sewer system or in a watertight container until proper disposal can be achieved.

**GARBAGE DISPOSAL**
All garbage and refuse must be stored in cleanable containers with tight-fitting lids. Garbage and refuse are not permitted to accumulate on the ground. These measures are to aid in the control of insects and rodents.
